Career Objective

Aspiring Software Developer with strong foundation in programming, web development, and AI-based applications. Passionate about problem-solving, emerging technologies, and building impactful real-world solutions through continuous learning, and teamwork.

Education

Bapuji Institute of Engineering and Technology, Davangere Bachelor of Engineering (B.E), Information Science	9.05 CGPA 2023 – 2027
PES PU College, Shimoga 2 nd PUC	92.67% 2022
Priyadarshini High School, Shimoga 10 th	99.84% 2020

Technical Skills

Languages	: C, C++, Python, Java, JavaScript, HTML, CSS
Libraries/Frameworks	: Bootstrap, React (Basics), Node.js
Database	: SQL, MongoDB
Tools & Platforms	: VS Code, Excel, Tableau, Power BI

Projects

- Quiz Generator | Python, Streamlit**
Developed a web-based quiz platform with admin-driven question management, admin/student login, real-time score evaluation, leaderboard tracking, and performance analytics for online assessments.
- Smart-Kisaan IoT System | Flutter, Firebase, Machine Learning**
Built a solar-powered smart irrigation system using IoT and Machine Learning for continuous soil monitoring, automated irrigation prediction, remote mobile control, and energy-efficient sunlight optimization to improve water usage in agriculture.
- Personal Portfolio | HTML, CSS, JavaScript**
A responsive personal portfolio website using HTML, CSS, and JavaScript.

Internships

- Adobe Creativity and Gen AI - FutureSkills Prime**
 - Exploring Generative AI concepts, prompt engineering, and AI-assisted content creation.
 - Gaining hands-on exposure to presentation design, storytelling, social media marketing, and creative communication workflows.
- Full Stack Web Development Internship - Future Interns (2026)**
 - Currently learning responsive frontend development using HTML5, CSS3, and JavaScript through hands-on projects.
 - A practical exposure to UI development, cross-browser compatibility, and industry-standard web workflows.

Certifications

- Java for Beginners – Infosys Springboard
- JavaScript for Beginners – Simplilearn SkillUP
- Introduction to MongoDB – MongoDB
- Introduction to HTML and CSS – IBM SkillsBuild
- Getting Started with Artificial Intelligence – IBM SkillsBuild
- Use Generative AI for Software Development – IBM SkillsBuild

Events and Participation

- Finalist, Code Quest 2.0 Coding Competition, BIET College
- Participant, TCS Tech Bytes Quiz, BIET College

Soft Skills

- Communication Skills
- Problem Solving
- Leadership
- Teamwork
